Everett Rotary Scholarship Day!

It was numbing, they are brilliant, it became repeatious, 32 almost unbelievable stories, it was Everett Rotary's Scholarship Day. Parents and grandparents were very proud, school counselors matched their pride and so did Rotarians. There were damp eyes found all over the place and in the end Rotarians gave \$165,000 in scholarships to 32 outstanding students from Archbishop Thomas Murphy, Everett, Cascade, Jackson, Kamiak, Mariner, and Sequoia High Schools, Everett Community College and the Sno-Isle Skills Center. It made the front page of the Local section of the Herald with big headlines and big smiles. **Jim Hayes** put the frosting on the event by announcing that a local woman became convinced that the scholarships were a good thing and added \$1,000 to each student's award. That got a standing ovation from them. They didn't get here simply by being smart. It helps, but these youngsters take their education and their futures seriously and they apply themselves, work hard, and some of them overcame some serious odds.

President Jim Haugen called the meeting to order and turned to **Jim Angel** for the Invocation. Jim read a poem written by his sister Susan, who died in a car accident on an Easter Sunday, age 21 and in her Senior year in college. She left a bit her philosophy that Jim shared with all of us, "Be careful out there, but let life ravish you." Jim's dad wrote a book about her, Oh Susan. It was a moving beginning to a wonderful day.

Randy Hansen was Master of Ceremonies. Gentleman that he is he began by recognizing those who put the whole thing together: **Steve Uberti**, who made a conference room available for all those interviews; **Mark Nesse**, for the public relations; **Judi Edwards**, set-up; **Tom Gray**, student packets; the Snohomish Flower Company, doing what they do best; **Pete Baffaro**, Pete does just about everything; and **Connie Wittren**, Chair of the Everett Rotary Youth Foundation Education Committee. Then there were the Partners in Excellence, 23 of them, who contributed \$34,500 that was matched by our Rotary Club. Each Partner had the opportunity to present their award to a student.

Nine school counselors introduced the students they nominated from their institution. The styles differed but the messages were the same, these kids have got it together. Their higher education goals will spread them across the country from the University of Washington to Harvard and back to Stanford. They will study for a variety of careers from engineering to government to medicine to cosmetology. They come from a wide variety of backgrounds and circumstances. Many of them include in their individual goals the desire to contribute and make a difference in our society. No doubt many of them will.

After the program was over Randy Hansen was still flushed with the energy that was in the room. He said the interviews were an incredible experience, "We had to dumb it down to cope with some of these kids, they were that sharp." He urged every Rotarian to seek the chance to be a part of the selection committee, it will be an experience you wont forget.
